

Romualdo Sciorio MSc BSc (Honours)

SHORT BIOGRAPHY

Romualdo holds a degree in Science Biology with 110/110 cum laudem at University of Naples “Federico II”, and a master degree in Science and Biotechnology from Napier University Scotland. Almost 30 years of experience in assisted reproductive techniques, pre-implantation genetic testing and cryopreservation. He has worked within research and clinical embryology across Italy, Europe, Australia, Canada, India and in the Middle East. He is state registered clinical scientist (HCPC), holds an ICSI and embryo biopsy license. His current interests include embryo culture to the blastocyst stage, time-lapse technology and vitrification. He is author and co-author of about 50 peer-reviewed papers, and been invited to speak in more than 100 national and international scientific meetings. Since 2019, he is working internationally as consultant embryologist.
